this book argues that while notions of trauma in mental health hold promise for the advancement of women s rights the mainstreaming of trauma treatments and therapies has had mixed implications sometimes replacing genuine social change efforts with new forms of female oppression by psychiatry it contends that trauma interventions often represent a business as usual approach within psychiatry with women being expected to comply with rigid treatment protocols accepting the advice given by trauma experts that they are mentally unstable and that they must learn to manage the effects of violence in the absence of any real changes to their circumstances or resources a critique of trauma treatment in its current form trauma women s mental health and social justice recommends practical steps towards a socio political perspective on trauma which passionately re engages with feminist values and activist principles

the sociology of health and illness critical perspectives is an essential resource for anyone interested in health and health care the new ninth edition tackles some of the most timely health issues of our day with coverage of eating disorders the effects of inequality on health how race class and gender affect health outcomes the health politics of asthma and more further new sections explore the effects of health care reform the pharmaceutical industry and the internet on health bringing together a wide range of selections from authors like atul gawande paul farmer and irving zola the sociology of health and illness continues to provide students with the most balanced and comprehensive analysis of health care today

over the last forty years there have been numerous attempts to critique the theory and practice of mental health care taking its lead from anti psychiatry critical perspectives on mental health seeks to explore and evaluate the claims of mainstream mental health ideologies and to establish what implications the critiques of these perspectives have for practice this text will be essential reading for students and those working in the social work and mental health care professions

as our aging population grows ever larger it is increasingly important to understand how adults age and what we can do to provide up to date care to ensure their well being as an integral part of society leslie morgan and suzanne kunkel understand that this phenomenon is about much more than just the physical or biological aspects of growing older and have put together a comprehensive text on the impact of society and sociology on the aging process use this text to explore the diversity of the aging population and dispel the major stereotypes surrounding the elderly learn about aging through all the layers of social context from family life to politics and economics and through this approach come to see how aging is more than just an individual process it is a process that effects the direction of our society as a whole for the student sites of interest and key terms defined at the end of each chapter real life stories and essays on love sex music medicine and crime for the professor assignment ready reading in a one chapter a week format questions for discussion and review at each chapter end applying theory sections place the lesson of each chapter in a clear real world setting instructor s guide now available
